EVENTS
THAT FEED THE
IMAGINATION

SPARK! THE NEXT BIG IDEA

ENERGIZE YOUR MEETING AND FLIP A SWITCH TO INSPIRE CREATIVITY WHILE ENCOURAGING SYNERGY AND STRATEGY WITH A UNIQUE ACTIVITY YOU WILL ONLY FIND AT THE FORT WORTH MUSEUM OF SCIENCE AND HISTORY!

Infuse your meeting or event at the Museum of Science and History with a, hands-on program developed and presented by our education staff. Whether to break the ice, promote team cooperation, spark critical thinking, or simply liven things up in a fun, constructive way, we can provide an activity that will make your event memorable and imaginative.

All activities will take place in the meeting room and are designed to be completed at the meeting tables.

SPARK!

SPARK! THE NEXT BIG IDEA

CONSTRUCTION CHALLENGE

The perfect small group or competitive activity that encourages participants to work cooperatively while getting to know their teammates. Groups will utilize Keva Blocks to create structures within challenging parameters. Let the building begin!

Duration: Approximately 30 minutes
Maximum Number of Participants: 200
Cost: \$150

CHEMISTRY CONNECTIONS

Put your thinking hats on to create simple concoctions and play with unusual materials as participants explore the world of chemistry. Select two of the experiments below to get your scientists started today.

Penny Dropper - Learn about surface tension and other unusual characteristics of water through a variety of challenges.

Insta-Snow - Want to play with snow during your meeting? We'll bring out some fun synthetic snow and learn more about properties of this wacky solid.

Oobleck - Is it a solid or is it a liquid? Explore Oobleck and find out for yourself! Note: this activity is hands-on and can be a bit messy!

Duration: Approximately 30 minutes
Maximum Number of Participants: 100
Cost: \$200*

*Additional supply charge will apply for groups over 100 participants.

SCAVENGER HUNT

Offer your group the opportunity to explore the Museum's exhibit galleries but with an interesting underlying purpose. Complete the scavenger hunt while making peer connections and learning connections throughout the galleries. A customized topic-specific or staff-led scavenger hunt can also be developed.

Duration: 30 - 60 minutes
Maximum Number of Participants: 100
Cost: \$ 5 Per participant
exhibit admission

PLUS: (Select from the following)
\$50 standard scavenger hunt
OR
\$300 customized scavenger hunt

Scavenger Hunt Guidelines will be provided to the group contact to assist them in giving instructions to the participants. If groups prefer a Museum Team Member for their hunt this service is available at a rate of \$100. The Museum Team Member will assist with distribution, guidelines and tabulation.

SUPER COOL SCIENCE

Participants will break the ice while working cooperatively to float bubbles, make clouds and create small comets using super-cooled substances.

Duration: Approximately 30 minutes
Maximum Number of Participants: 40
Cost: \$175

SHOCKING SCIENCE

Need to re-charge your group? Engage them in a hair-raising experience while learning more about static electricity.

Duration: Approximately 20 minutes
Maximum Number of Participants: 40
Cost: \$150

All activities must be scheduled a minimum of two weeks in advance and are subject to availability. Please contact our Special Event professionals for more details.
