EVENTS
THAT FEED THE
IMAGINATION

SPARK! THE NEXT BIG IDEA

LOOKING FOR AN EVENT EXPERIENCE THAT IS TRULY ONE-OF-A-KIND?

Enhance your guests' experience by giving them an experience in our Innovation Studios that can only be found at The Fort Worth Museum of Science and History. Select from one of our options below and guests will have the opportunity to explore and be inspired by each unique activity. Pricing is in addition to rental rates for your event space. Rates are per hour, per studio.

ELECTRICAL EXPLORATIONS

Spark critical thinking using snap circuits, generators, fly sticks and static experiments! The program includes (3) 10 minute demonstrations in addition to individual electrical exploration.

Duration: 1 hour
Maximum Number of Participants: 100
Cost: \$250

STATES OF MATTER

Investigate states of matter through penny droppers, instant snow and Oobleck activities. Hands-on fun includes (3) 10 minute liquid nitrogen demonstrations.

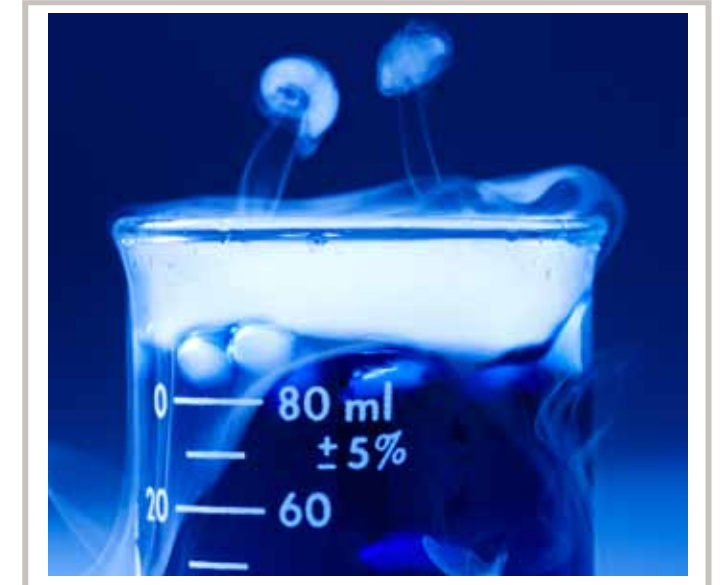

Duration: 1 hour
Maximum Number of Participants: 100
Cost: \$250

LIGHT AND SHADOW

Explore light, color and shadows in unique and interesting ways in our black light infused studio. Draw with light, play with light toys, and create colorful shadows and shadow sculptures.

Duration: 1 hour
Maximum Number of Participants: 100
Cost: \$250

Contact our Special Event professionals for additional details, options and costs on all activities.

THANK
YOU
